Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

PROCEEDINGS

OF THE

ACADEMY OF NATURAL SCIENCES

OF

PHILADELPHIA.

No. 1.—January and February, 1863.

PHILADELPHIA:
ACADEMY OF NATURAL SCIENCES,
Corner of Broad and Sansom Streets.
1863.

PUBLICATIONS

OF

THE ACADEMY OF NATURAL SCIENCES

OF PHILADELPHIA.

Four volumes and parts 1, 2 and 3 of Vol. V. of the New Series of the Journal (Quarto) have been issued. The price per volume of four parts is $6.00, or $1.50 per part to subscribers; but each part may be obtained separately for $2.00.

The First Series of the Journal, in eight volumes, octavo, may be obtained at $16.00, or for separate volumes (Vol. I. excepted) $2.25 per volume.

The First Series of the Proceedings of the Society, published in octavo, of which eight volumes were completed Dec. 31, 1856, may be obtained at $16.00, or $2.25 per volume, separately.

The Second Series of the Proceedings, commencing Jan. 1, 1857, (of which 6 volumes were completed Dec. 31, 1862,) are published monthly, at $2.00 per annum, payable in advance.

The Society has established a Publication Fund; any person who may contribute the sum of $75, will receive, during life, the Journal, quarto, and the Proceedings, octavo; or separately, the Journal $50, and the Proceedings $25.

The Academy have a few copies of the following rare works, for sale at the prices affixed, a discount from which, of 12 per cent. to those purchasing five or more copies, will be made.

Michaux' North American Sylva, 2 vols. octavo, Philadelphia, 1841, with 156 uncolored plates, $10.00.

Monograph of the Unionidæ of North America, by T. A. Conrad. Complete, with 60 colored plates, octavo, 1840, $8.50.

Fossils of the Tertiary Formation of the United States, by T. A. Conrad. Complete, with 49 plates, octavo, 1838, $5.00.

Description of Shells of North America, with 67 colored plates, by Thos. Say, 1830—34, $10.50.

Application to be made to Wm. S. Vaux, Chairman of the Publication Committee, 1700 Arch Street, or to the Librarian, at the Hall of the Academy, corner of Broad and Sansom Sts.

☞ *Agents in London*, TRÜBNER & CO.,
No. 60 Paternoster Row.

CONTENTS.

Descriptions of Fossils from the Yellow Sandstone lying beneath the "Burlington Limestone," at Burlington, Iowa. By Alexander Winchell..... 2
Members of the Standing Committees for 1863..... 25
Catalogue of the North American Sciænoid Fishes. By Theodore Gill..... 28
Systematic arrangement of the Mollusks of the Family Viviparidæ and others, inhabiting the United States. By Theodore Gill. 33
Additional Remarks on the North American Ægiothi. By Elliott Coues, A. M., M. D..... 40

PROCEEDINGS

OF THE

PHILADELPHIA:
PRINTED FOR THE ACADEMY.
1864.

LIST OF CONTRIBUTORS,

With reference to the several Articles contributed by each.

Abbott, C. C. Description of a Collection of Jasper "Lance-heads" found near Trenton, New Jersey; and Remarks on the Locality, with reference to Indian Antiquities 278

Agassiz, A. Synopsis of the Echinoids collected by Dr. W. Stimpson on the North Pacific Exploring Expedition, under the command of Captains Ringgold and Rodgers 352

Ashmead, Saml. See Durand.

Brevoort, J. C. Enumeration of the Fish described and figured by Parra, scientifically named by Felipe Poey. Translated and edited by J. C. Brevoort 174

Cassin, J. Notes on the Picidæ, with descriptions of new and little known species 194, 322

Cope, E. D. On Trachycephalus, Scaphiopus and other American Batrachia 43

Descriptions of new American Squamata, in the Museum of the Smithsonian Institution 100

Coues, Elliot. Additional Remarks on the North American Ægiothi 40

On the Lestris Richardsonii of Swainson; with a critical Review of the Subfamily of Lestridinæ 121

Durand, E. Enumeration of the Arctic Plants collected by Dr. I. I. Hayes in his exploration of Smith's Sound, between parallels 78th and 82d, during the months of July, Aug., and beginning of Sept. 1861. By E. Durand, Thomas P. James, and Samuel Ashmead. 93

Ennis, J. Additions to the catalogue of Stars which have changed their Colors 96, 159

Gill, Theo. Catalogue of the North American Sciænoid Fishes 82

Systematic arrangement of the Mollusks of the family Viviparidæ and others, inhabiting the United States 33
Catalogue of the Fishes of Lower California in the Smithsonian Institution, collected by Mr. J. Xantus 80
Description of some new Species of Pediculati, and on the classification of the group 88
Descriptive enumeration of a collection of Fishes from the Western coast of Central America 162
Description of a new species of Chœrojulis from North Carolina 205
On an unnamed generic type allied to Sebastes 207
Description of a new generic type of Ophidioids 209
Synopsis of the Pomacentroids of the Western Coast of North and Central America 213
Notes on the Labroids of the Western Coast of North America 221
Synopsis of the family of Lepturoids, and description of a remarkable new generic type 224
Synopsis of the North American Gadoid Fishes 229
Descriptions of the genera of Gadoid and Brotuloid Fishes of Western North America 242
On the Gobioids of the Eastern Coast of the United States 267
On the genus Periophthalmus of Schneider 271
Note on the Genera of Hemiramphinæ 272
Description of the genus Stereolepis, Ayres 329
Description of the genus Oxyjulis, Gill 330
Notes on some recent Additions to the Ichthyological Fauna of Massachusetts 332
Note on the species of Sebastes of the Eastern Coast of North America 333

Gray, Asa. Enumeration of the species of Plants collected by Dr. C. C. Parry and Messrs. Elihu Hall and J. P. Harbour, during the summer and Autumn of 1862, on and near the Rocky Mountains, in Colorado Territory, Lat. 39°—41° 55
Synopsis of the Species of Hosackia 346

Haldeman, S. S. On Strepomatidæ as a name for a family of fluviatile Mollusca, usually confounded with Melania 273
Hill, R. Notes on the Mimidæ of Jamaica 304

James, T. P. See Durand.

Kennicott, Robt. Descriptions of four new species of Spermophilus 157

Lawrence, G. N. Descriptions of new species of Birds of the Families Vironidæ and Rallidæ 106
Lea, Isaac. Descriptions of fourteen new species of Melanidæ and one Paludinæ 154
Descriptions of eleven new species of Exotic Unionidæ 189
Description of new species of Unio and a Monocondylœa 190

Descriptions of twenty-four new species of Unionidæ of the United States..... 191
Lewis, Dr. F. W. On some New and Singular Intermediate forms of Diatomaceæ..... 336

March, W. T. Notes on the Birds of Jamaica 150, 283

Poey, F Descriptions des Poissons nouvelles ou peu connues..... 180

Stimpson, Dr. Wm. Synopsis of the Marine Invertebrates collected by the late Arctic Expedition, under Dr. I. I. Hayes..... 138

Tryon, Jr.,G. W. Descriptions of two new species of Fresh Water Mollusca, from Panama,..... 146
Description of a new Exotic Melania..... 146
Descriptions of new species of Fresh Water Mollusca, belonging to the Families Amnicolidæ, Valvatidæ and Limnæidæ; inhabiting California..... 147
Description of a new species of Pleurocera..... 279
Description of a new species of Teredo, from New Bedford, Mass..... 280
Descriptions of two new species of Mexican Land Shells..... 281
Synonymy of the species of Strepomatidæ, a family of Fluviatile Mollusca, inhabiting North America: Part I. 306

Wilson, Dr. T. B. On a Third Kingdom of Organized Beings..... 113
Winchell, Alex. Descriptions of Fossils from the Yellow Sandstone lying beneath the "Burlington Limestone" at Burlington, Iowa 2
Wood, Dr. H. C. Descriptions of new Species of North American Pedipalpi..... 107
